

Guidelines for Playtime Sessions During COVID Pandemic

Below are some of the precautions being taken to keep everyone at Playtime safe!

- Upon arrival both child and parent will be scanned via contactless thermometer to check temperature at the start of each session. Children or parents with a temperature greater than 100 may not attend their registered session.
- Parents, are to wear mask and maintain a safe distance from other families when picking up and dropping off children.
- Parents must sign children in and out and record temperature on attendance sheet.
- Parents and other siblings are not allowed inside play areas during this time.
- Hands will continue to be disinfected with hand sanitizer upon arrival and in between activities.
- No mask will be required for children or staff.
- Children with a slight runny nose cough or sneeze will be kept separate and away from other children until parents comes to pick up.
- Children will continue to learn and play together as before with as much social distancing as possible.
- Play surfaces will be disinfected daily as usual.
- Cindy will continue to help children with their bathroom needs and diaper changes. Disposable pads will be used for each child and gloves will be worn by Cindy.
- There will be a maximum of 5 students per session.
- Diapers, wipes and change of clothes are to be provided for the month.
- Children will be given non slip socks to change into upon arrival.
- Due to limited space, if your child is unable to attend for the day registered there will be no refunds and no make up sessions given.
- If the state requires a shut down, Playtime will close.

Cindy and her family (living in home) have been well and not infected. However, in the event she or someone in her home becomes ill, Playtime will close until it is safe to reopen. We ask that you share the same courtesy and inform Cindy if your child is living with someone that becomes ill from COVID.

I have read and acknowledge the above guidelines and policies. I also understand that my child will be in close contact with others during the sessions. I willingly allow my child to partake in all activities at Playtime and understand the risk involved. I will also inform Cindy immediately if anyone within my homes becomes ill or is quarantined due to COVID.
